## Discover AeroLink: The Leading 4K Air-to-Ground Video Downlink Solution

**A KEY COMPONENT OF THE VISLINK AVDS—THE MOST OFTEN-  
DEPLOYED AIRBORNE VIDEO DOWNLINK SOLUTION BY LEO'S ACROSS  
NORTH AMERICA**

Vislink's airborne video downlink systems meet the challenge for top quality live video in air-to-ground applications under the most difficult urban, suburban, or rural environments. The AeroLink Transmission System is the latest addition to the Vislink AVDS. AeroLink is an advanced 4K or 2 x 1080p 60 HEVC digital encoding video downlink solution built to address the unique requirements of aircraft downlink operations.

**FIND OUT HOW AEROLINK AND THE VISLINK AVDS ARE ESSENTIAL  
TOOLS FOR IMPROVING SITUATIONAL AWARENESS.
