#### FORWARD-LOOKING INFORMATION

This Quarterly Report on Form 10-Q (including the section regarding Management's Discussion and Analysis of Financial Condition and Results of Operations) (the "Report") contains forward-looking statements regarding our business, financial condition, results of operations, and prospects. Words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates," and similar words and phrases are intended to identify forward-looking statements. However, this report does not include an all-inclusive list of words or phrases identifying forward-looking statements. Also, all information concerning future matters is forward-looking statements.

Although forward-looking statements in this Report reflect our management's good faith judgment, such information is based on facts and circumstances the Company currently knows. Forward-looking statements are inherently subject to risks and uncertainties, and actual results and outcomes may differ materially from those discussed in or anticipated by the forward-looking statements. Without limitation, factors that could cause or contribute to such differences in results and outcomes include those discussed in this Report.

The Company files reports with the Securities and Exchange Commission ("SEC"), and those reports are available free of charge on our website (*www.vislink.com*). The reports available include our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports, which are available as soon as reasonably practicable after the Company electronically files such materials or furnishes them to the SEC. You can also read and copy any materials the Company files with the SEC at the SEC's Public Reference Room at 100 F Street, N.E., Washington, DC 20549. You can obtain additional information about the Public Reference Room's operation by calling the SEC at 1-800-SEC-0330. The SEC also maintains an Internet site (*www.sec.gov*) containing reports, proxies, information statements, and other information regarding issuers who file electronically with the SEC, including us.

We undertake no obligation to revise or update any forward-looking statements to reflect any event or circumstance that may arise after the date of this Report. We urge you to carefully review and consider all the disclosures made in this Report.

#### NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Nature of Operations**

Vislink Technologies, Inc., incorporated in Delaware in 2006, is a global technology business that collects, delivers, and manages high-quality, live video and associated data from the action scene to the viewing screen. We provide solutions for collecting live news, sports, entertainment, and news events for the broadcast markets and surveillance and defense markets with real-time video intelligence solutions using various tailored transmission products. Our team also provides professional and technical services utilizing a staff of technology experts with decades of applied knowledge and real-world experience in terrestrial microwave, fiber optic, surveillance, and wireless communications systems, delivering a broad spectrum of customer solutions.

#### **Basis of Presentation**

The accompanying unaudited condensed consolidated interim financial statements, along with the notes herein, are intended to be reviewed in conjunction with Vislink Technologies, Inc.'s audited consolidated financial statements and the accompanying notes as detailed in the 2023 Annual Report on Form 10-K, which was filed with the Securities and Exchange Commission (the "SEC") on April 3, 2024 (the "Annual Report on Form 10-K"). The condensed consolidated balance sheet, as of December 31, 2023, originates from these audited statements without complete footnote disclosures typically found in audited annual statements. These unaudited condensed consolidated financial statements have been prepared to include all necessary adjustments, solely of a routine recurring nature, deemed essential for a fair presentation of the Company's financial standing as of June 30, 2024, along with our results of operations for the three and six months ending on June 30 for both 2024 and 2023, and the cash flows for these periods. However, the results and position as of June 30, 2024, may not be indicative of our full-year 2024 financial condition and operating results.

Given the interim nature of this 10-Q report, the detail and scope of accounting policies outlined here are less comprehensive than those found in the Annual Report on Form 10-K. Investors are encouraged to refer to NOTE 3 —SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES in the audited consolidated financial statements within the Annual Report on Form 10-K.

#### **Principles of Consolidation**

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America or ("U.S. GAAP") as found in the Accounting Standards Codification ("ASC"), the Accounting Standards Update ("ASU") of the Financial Accounting Standards Board ("FASB") and the rules and regulations of the SEC. The accompanying unaudited condensed consolidated financial statements include the Company's accounts and wholly-owned subsidiaries. We have eliminated all intercompany accounts and transactions upon consolidating our subsidiaries.

#### Segment Reporting

In accordance with the Financial Accounting Standards Board's (FASB) mandate, Vislink Technologies, Inc. adopted Accounting Standards Update (ASU) 2023-07, Segment Reporting (Topic 280), effective January 1, 2024. Initially issued by FASB in February 2023, this update revises the reporting requirements for operating segments of public entities to enhance the transparency and utility of segment reporting.

Prior to this date, as disclosed in our Annual Report on Form 10-K, we had not yet formally adopted ASU 2023-07, which became mandatory for public entities in reporting periods beginning after December 15, 2023. We have concluded that we operate our company as a single reporting segment, and due to this structure, we believe we are only required to report in a single segment by ASU 2023-07. Accordingly, we believe the adoption of ASU 2023-07 has not significantly impacted our financial statements.

#### NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Use of Estimates**

Preparing the unaudited condensed consolidated financial statements in conformity with U.S. GAAP requires management to make estimates, judgments, and assumptions that affect the reported amounts of assets and liabilities in the unaudited condensed consolidated financial statements. Significant accounting estimates reflected in the Company's unaudited condensed consolidated financial statements include the useful lives of property, plant, and equipment, the useful lives of right-of-use assets, the useful lives of intangible assets, impairment of long-lived assets, allowance for accounts receivable doubtful accounts, allowance for inventory obsolescence reserve, allowance for deferred tax assets, valuation of warranty reserves, contingent consideration liabilities, and the accrual of potential liabilities. These estimates also affect the reported revenues and expenses during the reporting periods. Actual results could differ from estimates, and any such differences may be material to our financial statements.

#### **Recently Issued Accounting Principles**

#### Recent Accounting Pronouncements

Other recent accounting standards issued by the FASB, including its Emerging Issues Task Force, the American Institute of Certified Public Accountants, and the SEC did not or are not believed by management to have a material impact on the Company's present or future consolidated financial statements.

# NOTE 2 — LIQUIDITY AND FINANCIAL CONDITION

For the six months ended June 30, 2024, the Company incurred an approximate \$4.2 million loss from operations and \$1.7 million of cash used in operating activities. As of June 30, 2024, the Company had \$29.0 million in working capital, \$312.4 million in accumulated deficits, and \$5.6 million in cash and cash equivalents.

During the first quarter of 2024, the Company invested approximately \$0.9 million of its cash reserves in federal bonds intended to be held to maturity. No additional investments were made during the second quarter of 2024. As of June 30, 2024, the Company held investments in federal bonds valued at \$5.9 million, intended to be held to maturity, primarily seeking to generate investment income.

Many factors may impact the Company's liquidity requirements. These may include, but are not limited to, economic conditions, including inflation, foreign exchange, fluctuations, the markets in which we compete or wish to enter, strategic acquisitions, our market strategy, our research and development activities, regulatory matters, and technology and product innovations. The Company believes it will have sufficient funds to continue its operations for at least 12 months from the filing date of these financial statements.

#### NOTE 3 — LOSS PER SHARE

The following table illustrates the anti-dilutive potential common stock equivalents excluded from the calculation of loss per share (in thousands):

#### NOTE 5 — CASH AND CASH EQUIVALENTS

The Company considers all highly liquid investments with an original maturity of six months or less at the time of purchase to be cash equivalents. Cash equivalents consist of unrestricted funds invested in a money market mutual fund. The following table illustrates the Company's cash and cash equivalents:

|   | Jur | ie 30, 2024 | Decer | mber 31, 2023 |
|---|-----|-------------|-------|---------------|
| Cash on hand                                | \$  | 1,706,000   | \$    | 1,776,000     |

The Company's groups of intangible assets consist primarily of:

#### Proprietary Technology:

Generally, the Company amortizes proprietary technology over 3 to 5 years. Mobile Viewpoint ("MVP") uses wireless multiplex transmitters and artificial intelligence internally to produce and sell products and services to customers.

#### Patents and Licenses:

Patents and licenses filed by the Company are amortized for 18.5 to 20 years. The amortization of the costs associated with provisional patents and pending applications begins after successful review and filing.

#### Trade Name, Technology, and Customer Relationships:

Other intangible assets are amortized for 3 to 15 years. Integrated Microwave Technology ("IMT"), Vislink, MVP, and BMS assets acquisitions contributed to developing these intangible assets, including trade names, technology, and customer lists.

The Company continuously monitors intangible assets for potential impairments based on operating results, events, and circumstances. As of June 30, 2024, management identified no triggering events.

#### NOTE 8 — LEASES

In addition to leasing office spaces, operational sites, and storage facilities, the Company also rents warehouse facilities internationally and within the country. As of June 30, 2024, these operating leases feature a variety of terms and conditions, with lease lengths ranging from one to four years. Certain leases contain clauses for rent increases and concessions, which result in higher rental payments during the final years of the lease term. These agreements are recognized using the straight-line method over the lease's minimum duration.

During those periods, there were no significant adjustments to the straight-line rental expenses. Most costs accounted for in each period were reflected in the cash spent on operating activities, mainly covering payments for the basic rent of offices and warehouses. Additionally, we can renew certain leases at various intervals, though we are not obligated to do so. Expenses associated with short-term leases, taxes, and variable service fees were minimal.

As of June 30, 2024, the Company reported Right-of-Use (ROU) assets totaling approximately \$1.0 million on the balance sheet net of \$1.7 million in accumulated amortization. In addition, the Company recognized operating lease liabilities of approximately \$1.4 million, allocating \$0.7 million as current and \$0.7 million as non-current, as noted on the balance sheet. The weighted average lease term remaining as of June 30, 2024, was 2.0 years, with leases expiring between January 2025 and May 2027, and the weighted average discount rate was 8.9% as of June 30, 2024.

#### NOTE 8 — LEASES (continued)

#### Poway, CA Lease Renewal

On February 12, 2024, Vislink Poway, LLC signed a renewal agreement with CPI Apartment Fund 10 LLC for the premises at 13475 Danielson Street, Suite 100, 130, and 160, Poway, California. The renewal term is set for one year and ten and one-half months, commencing on March 14, 2024, and ending on January 31, 2026. The base rent for the renewal period was established at \$22,926 per month. The lease renewal recognized a liability and corresponding ROU assets of approximately \$484,000 in Vislink's financial statements for the quarter ending June 30, 2024, under ASC 842-20-25-1.

The following table illustrates operating lease data for the three and six months ending June 30, 2024, and 2023:

#### NOTE 10 — STOCK-BASED COMPENSATION

#### Inducement Awards:

The Company grants time-vested and performance-based stock options under inducement awards, consistent with NASDAQ Listing Rule 5653(c)(4). These inducement awards, granted outside of our existing equity compensation plans, are designed to reward employees for their commitment and performance toward achieving our strategic goals.

#### Time-based and Performance-based Inducement Stock Option Awards

The Company's inducement stock option awards are generally granted with vesting terms based on time or performance-based criteria. Performance-based awards are tied to achieving specific financial metrics, aligning employee rewards with the Company's success. The Company granted time-vested stock options and performance-based stock options to various employees in connection with their employment agreements. The ten-year, non-statutory time-vested, and performance-based option inducement awards were granted under the NASDAQ Listing Rule 5653(c)(4) outside of the Company's existing equity compensation plans (all subject to continued employment).

#### NOTE 10 — STOCK-BASED COMPENSATION (continued)

#### Inducement Awards (continued):

#### Time-based and Performance-Based Inducement Restricted Stock Unit Awards

The Company's inducement-restricted stock units ("RSUs") are generally granted with vesting terms based on time or performance-based criteria. Performance-based RSUs are tied to achieving specific financial metrics and aligning employee rewards with the Company's success.

The Company granted awards under the amended plan for time-based RSUs to various employees subject to continued employment. The RSUs initially vest between 25% and 33% on their one-year anniversary dates and will vest between 24 and 36 equal monthly periods thereafter. Additionally, the Company granted awards under the amended plan for performance-based restricted stock units subject to performance vesting conditions and continued employment. The RSUs will vest in three equal tranches upon reaching performance conditions for each tranche.

#### 2023 Omnibus Equity Incentive Plan

The Company received stockholder approval on August 23, 2023, to adopt the 2023 Omnibus Equity Incentive Plan (the "2023 Plan"), which will enable it to continue to grant equity-based compensation awards under a shareholder-approved plan to employees (including officers), non-employee consultants, non-employee directors, and affiliates. The 2023 Plan replaces the 2015 Incentive Compensation Plan, 2016 Incentive Compensation Plan, and 2017 Incentive Compensation Plan. The Company has ceased granting awards under the 2015 Incentive Compensation Plan, 2016 Incentive Compensation Plan, and 2017 Incentive Compensation Plan. The Company reserves 166,415 shares of its common stock for delivery under the 2023 Plan. The 2023 Plan rewards eligible participants for contributing to the Company's success and encourages retaining and recruiting qualified personnel. The Company's Board of Directors and Compensation Committee will administer the 2023 Plan.

The 2023 Plan generally grants awards without consideration other than prior and future service. The Company's compensation committee may grant awards under the 2023 Plan either alone or in addition to, in tandem with, or as a substitute for any other award granted under the 2023 Plan or other company plans. It is important to note, however, that if a SAR is granted in conjunction with an ISO, the grant date and term of the SAR and ISO must be the same, and the exercise price of the SAR cannot be lower than the exercise price of the ISO. A written award agreement between us and the grantee will outline the material terms of the award.

#### NOTE 14 — REBATES

The Company has been applying for tax rebates related to the research costs incurred by our U.K. subsidiary. During the six months ended June 30, 2024, the Company recognized \$374,000 in tax rebates as other income. For the same period in 2023, the recognized amount was \$329,000.

While the Company plans to continue filing rebate forms for the 2024 fiscal year, it cannot guarantee that rebates will be available at a similar level or at all in future years.

#### NOTE 15 — SUBSEQUENT EVENTS

Under ASC 855-10, the Company has analyzed its operations subsequent to June 30, 2024. It has determined that it does not have any other material subsequent events to disclose in these unaudited condensed consolidated financial statements.

#### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following information should be read in conjunction with the accompanying consolidated financial statements and the associated notes thereto of this Quarterly Report, the audited consolidated financial statements and the notes thereto, and our Management's Discussion and Analysis of Financial Condition and Results of Operations contained in our Annual Report on Form 10-K.

#### **Cautionary Note About Forward-Looking Statements**

This report includes forward-looking statements that, although based on assumptions that the Company considers reasonable, are subject to risks and uncertainties, which could cause actual events or conditions to differ materially from those currently anticipated, expressed, or implied by such forwardlooking statements. You should read this report and the documents the Company references in this report and have filed as exhibits to this report entirely and understand that our actual future results may materially differ from what the Company expects. You should also review the factors and risks the Company describes in reports the Company will file or submit from time to time with the SEC after this report's date. The Company qualifies all of our forward-looking statements with these cautionary statements.

#### Update on Geopolitical Conflicts and Climate Change

#### Geopolitical Risks:

During the quarter ending June 30, 2024, there were no significant developments in the Ukraine/Russia and Israel/Hamas conflicts that materially altered the previously disclosed risks in our Annual Report on Form 10-K for the fiscal year ending December 31, 2023, as filed with the SEC on April 3, 2024. The Company has no direct operations, revenue streams, or physical presence in these regions. The Company monitors the situation for potential indirect impacts on our global supply chain and business continuity, such as increased transportation costs or disruptions in our suppliers' operations. Any material changes or updates will be promptly disclosed.

#### Climate Change Initiatives:

The Company is committed to addressing the challenges and opportunities climate change presents. While the direct financial impact of climate change on our operations has not been material in the most recent fiscal quarter, the Company plans to undertake significant efforts to improve sustainability and resilience in our operations. We have already begun enhancing energy efficiency across our facilities and are actively exploring renewable energy integration. Additionally, the Company is in the process of developing innovative solutions to reduce our carbon footprint, demonstrating our dedication to these goals.

#### Financial and Operational Impact:

During the quarter ending June 30, 2024, the Company experienced no material financial or operational impacts directly attributable to the geopolitical conflicts or climate change. The Company monitors these situations and may need to adjust operations and strategies to mitigate potential risks.

#### Outlook:

Vislink Technologies Inc. remains dedicated to navigating the complexities of the global geopolitical landscape and the evolving challenges of climate change. Our focus continues to be safeguarding operations, supporting customers, and delivering value to shareholders while upholding our commitment to corporate responsibility and environmental sustainability.

#### Overview

Vislink Technologies, Inc. is a global technology business that collects, delivers, and manages high-quality, live video and associated data from the action scene to the viewing screen. We provide solutions for collecting live news, sports, entertainment, and news events for the broadcast markets. We also provide surveillance and defense markets with real-time video intelligence solutions using various tailored transmission products. Our team also provides professional and technical services utilizing a staff of technology experts with decades of applied knowledge and real-world experience in terrestrial microwave, fiber optic, surveillance, and wireless communications systems, delivering a broad spectrum of customer solutions.

#### Live Broadcast:

We deliver an extensive portfolio of solutions for live news, sports, and entertainment industries. These solutions include video collection, transmission, management, and distribution via microwave, cellular, IP (Internet Protocol), MESH, and bonded cellular/5G networks. We also provide solutions utilizing AI (Artificial Intelligence) technologies to provide automated news and sporting events coverage. With over 50 years in operation, we have the expertise and technology portfolio to deliver fully integrated, seamless, end-to-end solutions encompassing hardware components, hosted systems management platforms, related software licenses, and ancillary support services.

Industry-wide contributors acknowledge our live broadcast solutions. Our equipment transmits most outside wireless broadcast video content, with over 200,000 systems installed worldwide. We work closely with the majority of the world's broadcasters. Our wireless cameras and ultra-compact encoders help bring many of the world's most prestigious sporting and entertainment events to life. Recent examples include globally watched international sporting contests, award shows, racing events, and annual music and cultural events.

#### Military and Government:

We have developed high-quality solutions to meet surveillance and defense markets' operational and industry challenges based on our knowledge of live video delivery. Our solutions are designed specifically with interagency cooperation, utilizing the internationally recognized IP platform and a web interface for video delivery. We provide comprehensive video, audio, and data communications solutions to law enforcement and the public safety community, including Airborne, Unmanned Systems, Maritime, and Tactical Mobile Command Posts. These solutions may include:

- integrated suites of airborne downlink transmitters, receivers, and antenna systems
- data and video connectivity for airborne, marine, and ground assets
- UAV video distribution
- flexible support for COFDM and bonded cellular/5G Networks
- terrestrial point-to-point
- tactical mobile command
- IP-based, high-end encryption, full-duplex, real-time connectivity at extended operating ranges
- high-throughput air/marine/ground-to-anywhere uplink and downlink systems
- secure live streaming platforms for use in mobile and fixed assets, and
- personal portable products

Our public safety and surveillance solutions are deployed worldwide, including throughout the U.S., Europe, and the Middle East, at the local, regional, and federal levels of operation for criminal investigation, crisis management, mobile command posts, and field operations. These solutions are designed to meet the demands of field operations, command centers, and central receiving sites. Short-range and long-range solutions are available in areas including established infrastructure and exceptionally remote regions, making valuable video intelligence available regardless of location.

#### Connected Edge Solutions:

Mobile Viewpoint (MVP) offers hardware and software solutions needed to acquire, produce, contribute to, and deliver video across all private and public networks. Connected edge solutions aid the video transport concept of ubiquitous IP networks and cloud-scale computing across 5G, WiFi6, Mesh, and COFDM-enabled networks. These solutions include:

- live video encoding, stream adaptation, decoding, and production solutions,
- remote production workflows,
- wireless cameras,
- AI-driven automated production and
- the ability to contribute video over
  - bonded cellular (3G and 4G)
  - $\circ$  satellite,
  - $\circ$  fiber, and
  - emerging networks, including 5G and Starlink.

#### **Results of Operations**

#### Comparison for the six months ended June 30, 2024, and 2023

#### Revenue

In the three months ended June 30, 2024, our net revenue was \$8.7 million compared to \$5.0 million for the three months ended June 30, 2023, representing an increase of \$3.7 million or 74%. In the six months ended June 30, 2024, our net revenue was \$17.3 million compared to \$12.2 million for the six months ended June 30, 2023, representing an increase of \$5.1 million or 42%.

This growth is attributable to our expanded market reach, improved operational efficiencies, new product development, and the benefits of integrating the U.K. manufacturing operations into our U.S. facilities.

#### Cost of Revenue and Operating Expenses

#### Cost of Components and Personnel

In the three months ended June 30, 2024, the cost of components and personnel was \$3.8 million compared to \$2.4 million for the three months ended June 30, 2023, representing an increase of \$1.4 million or 74%. In the six months ended June 30, 2024, the cost of components and personnel was \$7.4 million compared to \$5.7 million for the six months ended June 30, 2023, representing an increase of \$1.7 million or 30%.

Our expanded market reach and new product development, have increased the cost of components and personnel, supporting the Company's growth and operational strategy. This notable change reflects the Company's strategic decisions and initiatives undertaken in previous periods, as well as the increase in revenue. In the latter half of 2022, the company discontinued several underperforming product lines. This decision allowed us to reallocate resources to more profitable and promising products, contributing to overall operational efficiency. Additionally, we relocated Vislink's U.K. manufacturing division to the United States, aimed at consolidating our manufacturing operations, reducing logistics costs, and improving supply chain management. The increase in revenue has driven higher production demands, necessitating additional components and personnel to meet market needs. The expanded market reach and introduction of new products have also required investment in skilled labor and advanced components to maintain a competitive advantage and support our growth strategy.

## General and Administrative Expenses

General and administrative expenses encompass the operational costs incurred in running the business daily, including salaries, benefits, stock-based compensation, payroll taxes, trade shows, marketing initiatives, promotional materials, professional services, facilities, general liability insurance, travel, and other expenses associated with maintaining public company status.

In the three months ending June 30, 2024, the general and administrative expenses were \$5.9 million compared to \$4.7 million for the three months ending June 30, 2023, representing an increase of \$1.2 million or 26%. In the six months ending June 30, 2024, the general and administrative expenses were \$11.2 million compared to \$9.7 million for the six months ending June 30, 2023, representing an increase of \$1.5 million or 15%.

The three-month increase of \$1.1 million is predominantly due to \$0.9 million in salaries and benefits, \$0.3 million in commissions, and \$0.2 million in computer expenses. The increase was offset by a decrease primarily attributed to \$0.2 million each of taxes, licenses, and stock-based compensation.

The six-month increase of \$1.4 million is primarily attributable to \$1.0 million in salaries and benefits, \$0.3 million in commissions, and \$0.2 million in computer expenses, other external services, and director's fees. The increase was offset by a decrease attributed to \$0.6 million in stock-based compensation and \$0.2 million in consulting fees.

#### Research and Development

Research and development expenses include salary and benefits, payroll taxes, prototype development, facility costs, and travel expenditures.

In the three months ending June 30, 2024, the research and development expenses were \$1.0 million compared to \$0.9 million for the three months ending June 30, 2023, representing an increase of \$0.1 million or 11%. In the six months ending June 30, 2024, the research and development expenses were \$1.8 million compared to \$1.7 million for the six months ending June 30, 2023, representing an increase of \$0.1 million or 6%.

#### Amortization and Depreciation

In the three months ending June 30, 2024, amortization and depreciation expenses remained consistent at \$0.3 million, unchanged from the three months ending June 30, 2023. For the six months ended June 30, 2024, amortization and depreciation expenses increased slightly by \$0.1 million to \$0.7 million, compared to \$0.6 million for the six months ended June 30, 2023.

This stability over the three-month period and the slight increase over the six-month period reflect minimal changes in the net book value of our intangible and fixed assets, as the Company does not regularly engage in material procurements of these assets.

#### Other

#### Dividend and Interest Income

In the three months ending June 30, 2024, dividend and interest income was \$0.2 million, compared to \$0.4 million for the three months ending June 30, 2023, representing an increase of \$0.2 million or 50%. In the six months ending June 30, 2024, dividend and interest income were \$0.3 million, compared to \$0.6 million for the six months ending June 30, 2023, representing a decrease of \$0.3 million or 50%.

The decrease in dividend and interest income is partly due to the redemption of government-backed bonds during the first quarter of 2024.

#### Net Loss

In the three months ending June 30, 2024, the Company had a net loss of \$2.2 million compared to a net loss of \$3.1 million in the three months ending June 30, 2023, or a decrease in a net loss of \$0.8 million or 26%. The Company's net loss for the six months ending June 30, 2024, was \$3.4 million, compared to \$4.9 million for the six months ending June 30, 2023, or a decrease in a net loss of \$1.5 million or 31%.

The decrease in the net loss of \$0.8 million for the three months ended June 30, 2024, was primarily the result of an increase in revenue of \$3.7 million, offset by an increase in component and personal costs of \$1.4 million, general and administrative expenses of \$1.1 million.

The decrease in the net loss of \$1.5 million for the six months ended June 30, 2024, was primarily the result of an increase in revenue of \$5.1 million offset by an increase in cost of component and personal costs of \$1.7 million and \$1.4 million in general and administrative expenses.

This improvement is attributable to more efficient expense management, including renegotiating contracts with suppliers, optimizing our workforce, implementing cost-saving measures, and increasing revenue.

#### Liquidity and Capital Resources

For the six months ended June 30, 2024, the Company incurred an approximate \$4.2 million loss from operations and \$1.7 million of net cash used in operating activities. As of June 30, 2024, the Company had \$29.0 million in working capital, \$312.4 million in accumulated deficits, and \$5.6 million in cash and cash equivalents.

During the first quarter of 2024, the Company invested approximately \$0.9 million of its cash reserves in federal bonds intended to be held to maturity. No additional investments were made during the second quarter of 2024. As of June 30, 2024, the Company held investments in federal bonds valued at \$5.9 million, intended to be held to maturity, primarily seeking to generate investment income.

Many factors may impact the Company's liquidity requirements. These may include, but are not limited to, economic conditions, including inflation, foreign exchange, fluctuations, the markets in which we compete or wish to enter, strategic acquisitions, our market strategy, our research and development activities, regulatory matters, and technology and product innovations. The Company believes it will have sufficient funds to continue its operations for at least 12 months from the filing date of these financial statements.

#### **Critical Accounting Policies**

As of the date of the filing of this quarterly report, we believe there have been no material changes to our critical accounting policies during the six months ended June 30, 2024, compared to those disclosed in our Annual Report on Form 10-K. The location of additional information about these critical accounting policies is in the "Management's Discussion & Analysis of Financial Condition and Results of Operations" section included in our Annual Report on Form 10-K.

#### Cash Flows

The following table sets forth the major components of our consolidated statements of cash flow data for the periods presented (in thousands).

|   | <br>Six Month Ended<br>June 30, |    |          |  |  |
|---|---------------------------------|----|----------|--|--|
|   | 2024                            |    | 2023     |  |  |

#### **Operating** Activities

Net cash used in operating activities of approximately \$1.7 million during the six months ended June 30, 2024, was principally attributable to a net loss of \$3.1 million; an increase in inventory of \$1.0 million, accounts receivable of \$.08 million, and operating lease liabilities of \$0.3 million; and was principally offset by stock-based compensation and depreciation and amortization of \$0.7 million each, inventory valuation adjustments of \$0.4 million, an increase in accounts payable of \$1.0 million, and deferred revenue and customer deposits of \$0.8 million.

Net cash used in operating activities of approximately \$3.2 million during the six months ended June 30, 2023, was principally attributable to a net loss of \$4.8 million, \$1.3 million of stock-based compensation, \$0.6 million of depreciation and amortization, an increase in \$1.2 million of inventory, \$0.7 million of accounts payable, and \$0.6 million of prepaid expenses and other current assets; offset by \$0.4 million of bad debt recovery, decreases of \$0.3 million of accounts receivable, and operating lease liabilities each.

#### **Investing** Activities

Net cash used by investing activities for the six months ended June 30, 2024, and 2023 were \$0.3 million and \$11.2 million, respectively. This cash was principally related to the Company's investment in government-backed securities and money market funds and capital expenditures for furniture and computer equipment.

#### **Financing** Activities

Net cash used in financing activities of approximately \$0.1 million and \$0.2 million during the six months ended June 31, 2024, and 2023, respectively, was principally attributable to principal payments made towards D&O policy premiums.

#### Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As of June 30, 2024, there have been no material changes to the information related to quantitative and qualitative disclosures about the market risk provided in the Company's Annual Report on Form 10-K.

#### Item 4. Controls and Procedures.

#### **Evaluation of Disclosure Controls and Procedures**

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in our reports under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms. These controls and procedures also ensure that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decision-making regarding required disclosures.

In designing and evaluating our disclosure controls and procedures, we recognize that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. We apply our judgment in evaluating whether the benefits of the controls and procedures that we adopt outweigh their costs.

As required by Rule 13a-15(b) of the Exchange Act, an evaluation as of June 30, 2024, was conducted under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures, as of June 30, 2024, were not effective due to the material weakness described below.

#### Management's Report on Internal Control Over Financial Reporting

As of the fiscal quarter ended June 30, 2024, our management, including the Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our internal control over financial reporting as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act. In their assessment of the effectiveness of internal control over financial reporting as of June 30, 2024, our Chief Executive Officer and Chief Financial Officer concluded that such control was ineffective and that there continue to be control deficiencies that constituted material weaknesses because (i) we currently do not employ the appropriate number of accounting personnel to ensure (a) we maintain proper segregation of duties, and (b) conduct a tolerable risk assessment, and (ii) we have not adequately documented a complete assessment of the effectiveness of the design and operation of our internal control over financial reporting. Considering these material weaknesses, we performed additional procedures and analyses as deemed necessary to ensure that our financial statements were prepared following U.S. generally accepted accounting principles ("GAAP").

#### Changes to Internal Control Over Financial Reporting

Although we have continued our remediation efforts in connection with identified material weaknesses, the material weakness, as discussed in our Annual Report on Form 10-K for the period ended December 31, 2023, has not been fully remediated. As we continue to remediate the material weakness in our internal controls, we have made changes during our most recently completed fiscal quarter to our internal controls, including changes to enhance the supervisory review of our accounting procedures.

Notwithstanding the continuing and un-remediated material weakness, management, including our Chief Executive Officer and Chief Financial Officer, believes that the unaudited condensed consolidated financial statements contained in this Quarterly Report fairly present, in all material respects, our financial condition, results of operations, and cash flows for the fiscal periods presented in this Quarterly Report in conformity with GAAP.

Except for the material weakness and remediation efforts, there was no change in our internal control over financial reporting as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act, that occurred during the three months ended June 30, 2024, that has materially affected or is reasonably likely to materially affect, our internal control over financial reporting.
